International Youth/YA Video Call

Did you know SVDP is an International network of charity? SVDP is active in 153 countries. Young Vincentians from around the world will gather for one hour on a video call to share about their countries and their involvement with St. Vincent de Paul. Youth & YA Conferences from around the country are invited to join on also.

Poverty Simulation

This poverty simulation experience is designed to help participants understand what it might be like to be a part of a typical low income family trying to survive from month-to-month. It is a simulation, not a game. The object is to sensitize participants to the realities of life faced by low income people.
