

NATIONAL COUNCIL OF THE US SOCIETY OF ST. VINCENT DE PAUL

Curriculum for Servant Leader Training

Introduction

This curriculum was designed by the Leadership Task Force, with the input and guidance of the National Vice Presidents, to ensure a consistent foundation, based on our Rule and traditions, for all Conference and Council Presidents. It consists of a collection of workshops, in a recommended sequence, presented live online, available in a recorded version, and with materials that Formators and other trainers may use to present in their local Council or Region.

Contents

The following workshops are currently available to view as recordings and will be presented live online on the dates noted. Attending the live presentations allows participants to ask questions and interact with the presenters and each other, providing a richer experience. Registration will be available about four weeks in advance on the [Meetings and Webinars](#) page, and publicized in the e-Gazette. For those unable to attend live, the recordings contain all of the presented materials for self-guided training.
